Subject: draft releases proposed SO2 redesignations

Hi Preston,

Attached are a draft HQ release on the proposed SO2 redesignations. Also attached are 2 releases R7 would like to issue their two areas. We're still working to get something similar for Regions 5 and 6.

Regarding timing, I believe that R7 would like to release tomorrow after signature. We've been chatting with OPA about possibly letting the regions do their thing and then following up with the summary HQ release next week, but that's still

Ex. 5 Deliberative Process (DP)

Please let me know if you have edits, questions, or concerns.

Thanks,
Isabel
